EDITOR BEE: The arrangements for the Douglas County Fair this fall are now complete. The buildings and improvements for the use of the Society are unequalled by any county society in the country. These improvements have been made for the use of the State fair, but will belong to the county society.

The law under which county societies are organized requires that a meeting shall be held each year, and for that reason it is absolutely necessary that the society hold a fair this fall, notwithstanding the State fair, which is to follow the week after the county fair, will afford an opportunity for exhibitors to display their stock, goods and wares, so as to keep up the organization, to own, hold and control in the future, these fine improvements.

importance to the people of Doug-las county than the State fair. Under these circumstances, prevent a failure and make a success this year, it is necessary that the people take hold of the matter and attend the county fair, which commences September 22d, and will continue four days. Stock and goods placed upon exhibition at the county fair will be in readiness for the State fair, will receive and can wear at the State fair the premium badges of Douglas county. Some glory in that. In order to interest and please the people, arrangements have been made for the exhibition of Douglas county horses,

when the mettle and speed will be tested. And such inducements aroffered as will warrant the attende ance and exhibition of all the best horses of the county. A special premium is offered for gentleman's road-ters, and every one who claims to have a fine horse is invited to show it in the ring.

An amphitheatre capable of seating 1,500 people is being fitted up ig comfortable seats for all where they can hear and see

all that is said and done. The officers of the society have the people to whom, and for whom, they belong and were made.

An Honest Western Stage Driver.

When Mr. C. C. Housel, of Omaha, was returning from Helena, Montana, some three weeks ago, via Gilmer & Sallisbury's stage line, he saw, when some 140 miles from Helena, some sage hens along side the road, and he got out to capture them by throwing stones at them. herent in the people; that no gov- In doing so, he threw an elegant silver watch from his pocket, by accident, but did not miss it until he had passed the place some six or eight miles. Making his loss known to Jack Nugent, the gentlemanly driver, he was assured that he should have the watch again, and that it would be sent forward to Omaha. Mr. Housel not wishing to lie over, he proceeded on his way.

A day or two ago the Union Pacific express presented a package to Mr. Housel, which, on opening, he found to contain the lost watch, in running order. This certainly speaks well for the managers of the stage line, in having such worthy men in their employ in such a wild country as that.

This stage line is well officered, and is noted for the prompt time made from Corrinne, Utah, to Helena, Montana, some five hundred miles, scarcely ever varying over one hour in arriving on time. We would advise travelers to be sure and go by this reliable line.
